

APLE for District Interns

Coordinator's Guide and Forms for 2005-06 Academic Year

Assumption Program of Loans for Education

The California Student Aid Commission (Commission) is pleased to distribute the 2005-06 application packet for District Interns wishing to participate in the Assumption Program of Loans for Education (APLE).

California's Commission on Teacher Credentialing (CTC)-approved District Intern Programs are responsible for soliciting interested district interns. As such, the allocations of 500 APLE for District Interns are distributed among the 8 CTC-approved District Intern Program offices. Each District Intern Program receives at least one application; the rest are allocated based on the number of district interns who were fully credentialed during the previous year. The number of allocations assigned to your program is indicated in the upper right-hand corner of the Application and Selection Summary Sheet enclosed in this Application/Nomination Packet. The designated number of applications for your program should be included in the packet. If more applications are needed, please make copies or request more from the Commission.

The Commission will reallocate any unused allocations to those programs that indicate a need for additional allocations. Therefore, submit any applications to be considered for reallocation along with the applications for the initial allocation. For more information on the reallocation process, please refer to the "Reallocation of Unused Applications" section on page 7.

The Application/Nomination Packet includes the following information and forms to assist you in the application and nomination process:

- 2005-06 APLE for District Interns Coordinator's Guide
- Application and Selection Summary Sheet
- APLE for District Interns Application(s)

Your priority filing date for submitting applications is September 30, 2005. The Commission will continue to accept applications if unused allocations are available. You may continue accepting eligible applications until notified by the Commission.

APLE for District Interns 2005-06 Coordinator's Guide

Please refer to the following guidelines when reviewing, selecting and submitting new applications for the 2005-06 APLE for District Interns.

Program Information

The APLE for District Interns is a competitive teacher incentive program designed to encourage district intern participants to become fully credentialed teachers.

Under the provisions of the APLE, the Commission may assume up to \$11,000* in outstanding educational loans in return for up to four consecutive years of full-time eligible teaching service in a California K-12 public school.

Participants must first complete coursework for a preliminary or clear credential and agree to teach in either:

- ◆ a designated subject-shortage area identified annually by the State Superintendent of Public Instruction. Current subject-shortage areas include: math; science; foreign language, reading and language arts specialist and special education,
- ◆ schools serving a large population of students from low-income families, *or*
- ◆ a State Special school, a school serving rural areas, a low-performing school (ranked below the 50th percentile of the API), or a school where there is a high percentage of teachers holding emergency permits.

**APLE participants who agree to, and provide, four years of consecutive teaching service in math, science, or special education may receive \$1,000 of additional loan assumption benefits each year. Another \$1,000 of benefits may be received by persons who teach math, science, or special education in a school ranked in the lowest 20 percentile of the Academic Performance Index.*

Application Distribution

The Commission will distribute 500 APLE applications to participating District Intern Program offices for the 2005-06 academic year. Each District Intern Program will receive at least one application. The remaining applications are distributed among eligible District Intern Programs based on the number of interns from each district program who were fully credentialed during the previous year.

Loan Assumption Agreement

Each eligible applicant must sign a *Loan Assumption Agreement* (LAA) (see page 4). The LAA is an agreement, which stipulates that the Commission will authorize loan assumption payments, provided the participant:

- (a) provides four consecutive years of teaching service in the area indicated on the LAA, *and*
- (b) complies with all other program requirements.

The teaching service area on the LAA cannot be changed without the written approval of the Commission.

Eligibility Criteria

New applicants must meet the following criteria:

- ◆ be a legal California resident,
- ◆ have a baccalaureate degree, *and*
- ◆ have passed the CBEST

APLE for District Interns 2005-06 Coordinator's Guide, cont'd

Eligibility Criteria, continued

- ◆ have *not* completed all of the coursework necessary to obtain an initial teaching credential (preliminary/clear), unless the candidate has an initial teaching credential *and* is pursuing a specialist credential, required for teaching special education or reading and language arts specialist,
- ◆ have been approved to participate in a CTC-approved District Intern Program leading to a full teaching credential,
- ◆ have received, or have been approved to receive, educational loans issued to students through institutions of higher education or through school districts for the purpose of defraying the cost of obtaining a teaching credential.
- ◆ have no repayment obligation for any state or federal educational grants and be in good standing with repayment of any state or federally insured educational loans, *and*
- ◆ maintain a course of study required by the District Intern Program.

Applicant Selection

Coordinators must provide the following documents to *all eligible* district interns:

- ✓ APLE for District Interns Application, *and*
- ✓ APLE for District Interns Brochure

District Offices should allow all students to submit applications, to the District Intern Program, if they meet the APLE eligibility criteria.

District offices may develop additional selection criteria and procedures prior to sending the nominations to the Commission. Selection criteria should not be so restrictive that the initial allocation cannot be met.

The APLE guidelines require that in addition to meeting the APLE eligibility criteria, selected applicants must be judged by the district office as having outstanding ability on the basis of criteria that may include, but need not be limited to, the following:

- ◆ grade point average
- ◆ test scores
- ◆ faculty recommendations
- ◆ interviews
- ◆ other recommendations

Coordinators should inform district interns of the office's selection criteria, procedures, and all application deadlines.

Once selected applications and forms have been reviewed for accuracy and completeness, Coordinators must list each applicant's name, Social Security number, and teaching service area on the reverse side of the *Application and Selection Summary Sheet*. The same steps must be taken for the applications submitted for potential reallocation, using the *Reallocation Selection and Summary Sheet*.

Submitting Applications

Coordinators must submit all of the following documents by the priority filing date of September 30, 2005:

- " *Application and Selection Summary Sheet*
- " *APLE for District Interns Applications*—for each applicant listed on the summary sheet, *and*
- " *APLE for District Intern Reallocation Selection and Summary Sheet* (including the applications for those listed on the G-171R sheet)

The Commission will issue a LAA to each eligible and selected applicant. The applicant **must** sign and return the LAA to the Commission to be certified as a participant in the APLE. The Commission will mail a list of participants to each district office after all the allocations have been filled.

Expediting the reallocation process: If your office utilized its entire initial allocation and you indicated additional need, you must submit a completed application for each of the additional applicants and a *Reallocation Selection and Summary Sheet* (G-171R) prior to being considered for reallocations.

Applications submitted with the *Reallocation Selection and Summary Sheet* may also be used to replace ineligible applications submitted through the initial allocation process. All reallocated applications will be selected based on the priority you indicated in the Reallocation Selection and Summary Sheet.
